

Traveler 600

Wireless optical mouse

Lower power consumption, more productivity

Traveler 600 is the latest wireless mouse from Genius that features power saving technology and a 1000 dpi optical engine. It uses new power saving technology which can extend the battery life for up to **one year** or longer depending on your use. Using wireless technology and mini receiver, the **Traveler 600** can be used at 360° efficiently without any obstacle. The silver and black body fits comfortably in either hand. So get the **Traveler 600** and contact your sales representative for further information.
